Mission Statement: The Preschool Program at Saint Luke's Presbyterian Church is dedicated to nurturing the whole child through age and developmentally appropriate experiences and activities. In serving the congregation and the community, we seek to provide a Christian atmosphere of loving acceptance wherein each child can grow socially, spiritually, emotionally, physically, and intellectually. We believe each child is a child of God and, therefore, has a right to develop to his or her fullest potential. A positive self-image is a firm foundation for a happy and successful child, and our primary goal is to develop this in each child.
