COURSE: “We Have Seen the Lord!”—A Comparison of the Resurrection Stories in the Gospels
INSTRUCTOR: Ebby Arnold

Session 3 Discussion Guide—The Resurrection According to Luke

1. Luke focuses on Jesus not only being raised, but being *recognized* by his followers. How do we recognize the presence of Jesus? What are obstacles that cloud our vision sometimes?

2. How is the resurrection another creation story like the ones we read in Genesis? Is creation as resurrection still happening? If so, how?

3. As the “new Adam,” Jesus not only offers resurrection but a model for how to live as a human being the way God planned. What are some examples that we can take from Jesus in this story to live obediently and authentically?

4. The male disciples in Luke resist the “good news” when told by the women. What makes us hesitant to trust good news and more readily believe bad news? Can this tendency be overcome? How does Luke suggest we do it?

5. As discussed in the video, the physical body of Jesus grows more important to the early Christian community the farther they get from the time of Jesus on earth. How do you feel connected to Jesus?
