LITTLE SAINTS SPACE STATION

May 31 - June 3
9:00-1:00

LITTLE SAINTS SPACE STATION

This camp is for kiddos who think it would be a blast to be an astronaut!

Little Saints will journey into outer space and spend four days living in a space station! We'll explore the planets and stars with our fellow astronauts while keeping in touch with Mission Control and our families back home on Earth. Exploring makes us hungry but eating in space is different and we'll learn how and what we can eat in zero gravity!

Daily activities include hands on/take home projects, snack, outside time and theme-related story time.

Bring a lunch each day and on Friday, pack a bathing suit and a towel for a water day. Be sure to check your email Friday afternoon for a camp video showcasing how much fun we had all week galivanting around our galaxy!

This week is for kids who turned 2 (must be potty trained) by September 1, 2021 through kids who have completed Kindergarten.
